

You want the best for your child, we do too! Our team is here to help you select the best preschool experience for your child to thrive in school!

Your little one is already learning so much, so quickly. It is important that you find the best educational environment to help your child experience the fun and joy that leads to early excitement about learning and spiritual growth. As you search to find the best fit for your child and family, the Nouvel Catholic Central admissions office has put together some helpful tips.

MAKE A LIST OF PRIORITIES

Understanding what is most important to your family is a great place to start. Is your family in need of a full day program or would a half day best suit your needs? Is the option of before school care or after school care beneficial? Do you need an option for all five days or are you looking to slowly introduce your child in a two- or three-day setting? The answers to these questions will serve as an excellent starting place.

EXPLORE AVAILABLE OPTIONS

Within each school, there are many, diverse program options available. As you're thinking about your child's learning needs, helpful things to consider include: the style of the classroom, play-based options, child-initiated activities, age specific vs. multi-age classrooms, traditional curriculum vs. Montessori. Are enrichment opportunities (such as library, gym, music, art) offered? What does parent involvement entail? Are field trips available? Class size, student-to-teacher ratio and individualized attention to your child are key factors to consider.

VISIT THE SCHOOL

Bringing your child and family to visit the school is a great way to learn more. A personalized tour allows your family to have an inside look at the classrooms, visit commonly used spaces, observe student interactions and ask questions. Additionally, you can get a sense for the school's security measures to provide extra peace of mind.

ASK QUESTIONS

One of your best resources is word of mouth. Do you know families whose children attend or have attended? They can share the things that they appreciate as parents and their children looked forward to. Additionally, the admissions office is a great resource, assisting every step of the way. It is important you feel comfortable and prepared before enrolling your child.

CONTACT NOUVEL

Our helpful team would love to meet your family and explore all the options available for your child to thrive at Nouvel Catholic Central. Schedule your personalized campus visit today!
